CEDAR

CONSULTANTS IN EDUCATION DEVELOPING ALASKAN RESOURCES

At CEDAR, our experienced consulting team has over 130 years of combined experience working with Alaskan organizations. Serving primarily in the fields of education, organizational development, and tribal governance, our consultants have built reputations based on innovation, productive action, and quality. In today's challenging organizational atmosphere, CEDAR's supportive services can help you meet your strategic goals.

Our MISSION…

Our clients receive our total commitment to ensuring that each interaction with CEDAR is designed to increase your organization's capacity to achieve goals. Working with and through our clients to determine needs, CEDAR helps to develop innovative solutions that meet the organization's mission and vision.

CEDAR Model of Organizational Development

- Client-Centered Needs Assessment
- Program or Product Development
- Training & Staff Development
- 360° Evaluation
- Supportive Follow Up

People are any organization's greatest resource. Developing capacity in people supports organizational growth. Through positive interactions, supportive instruction, and inspirational teambuilding, CEDAR is able to help our clients to advance their teams to higher levels of productivity.

…Your SUCCESS.
